

Sell on-the-go with Move Mobile POS

Move Mobile includes FREE REMOTE TECHNICAL SUPPORT through our partner: **BOOMTOWN!**

Move Mobile is a complete mobile Point-of-Sale (mPOS) solution allowing small business owners to streamline sales and accept payments on-the-go with a smart-phone or tablet device.

With Move Mobile you can use your iOS® or Android™ device to process sales, apply discounts, calculate tips and taxes, email receipts and issue returns and refunds wirelessly.

Simple Mobile Checkout

Tap to add items to the Move Mobile register, swipe your customer's card, and email or text their receipt.

Sales Reporting

Track your sales history with easy-to-use dashboards and customized reports for all your data.

Inventory Management

Create a library of items to sell from your Move Mobile POS and easily add new products in seconds.

Sell on Any Device

Turn your iOS® or Android™ device into a mobile POS system to process transactions anywhere, any time.

Integrated Rewards

Apply quick promotional discounts or setup custom loyalty and rewards programs for your customers.

Versatile Payment Options

Process credit, signature debit, and prepaid cards, in addition to cash payments. **Move Mobile comes ready for EMV transactions.**

Move Mobile is perfect for:

BOUTIQUES
